

Nexora Global Solutions Pvt. Ltd.

Training Policy

Framework for learning, development, and certification sponsorship

Effective Date: January 1, 2026

Document Owner: Human Resources Department

Classification: Internal Use — Sample / Template Document

1. Purpose

This Training and Development Policy sets out Nexora Global Solutions Pvt. Ltd.'s approach to building employee capability through structured learning interventions, sponsorship of external education, and certification support, in alignment with both organizational and individual career goals.

2. Scope

This policy covers all confirmed employees and, where explicitly approved, employees still on probation. It applies to internal training programs, external courses, certifications, conferences, and higher-education sponsorship.

3. Categories of Training

3.1 Induction Training

All new employees undergo a mandatory induction program within the first 2 weeks of joining, covering Company policies, code of conduct, information security, and role-specific orientation.

3.2 Functional and Technical Training

Role-specific technical and functional training is identified through the annual Training Needs Analysis (TNA), conducted jointly by the Reporting Manager and L&D team as part of the performance review cycle.

3.3 Leadership and Managerial Development

Employees identified as high-potential talent or moving into people-management roles are enrolled in structured leadership development programs, which may include external coaching, workshops, or MDPs (Management Development Programs).

3.4 External Certifications

Employees may request sponsorship for job-relevant external certifications (e.g., technical, project management, or professional body certifications) subject to manager and L&D approval.

4. Training Sponsorship and Reimbursement

Training Type	Sponsorship Level	Approval Authority
Internal workshops / webinars	100% (Company organized)	L&D Team
External certification (job-relevant)	Up to 100%, max INR 50,000/year	Reporting Manager + L&D

Training Type	Sponsorship Level	Approval Authority
Conferences / seminars	Up to 100%, subject to budget	Department Head
Higher education (part-time)	Up to 50%, max INR 2,00,000 total	HR Head + CXO approval

4.1 Reimbursement Process

- Employees must obtain pre-approval before enrolling in any external program using the Training Request Form.
- Reimbursement claims must be submitted with proof of successful completion (certificate or passing grade) and original fee receipts within 30 days of course completion.
- Course fees will not be reimbursed if the employee does not complete or pass the program, except in cases of documented medical emergency.

5. Service Bond for High-Value Sponsorship

Where the Company sponsors training or education exceeding INR 75,000 in a financial year, the employee will be required to sign a service retention agreement (bond) committing to continued employment for a period of 12 to 24 months from the date of course completion, depending on the sponsorship value. Employees resigning within the bond period are required to reimburse a pro-rated portion of the sponsored amount, as detailed in the individual sponsorship agreement.

6. Study Leave

Employees pursuing Company-approved part-time higher education may be granted up to 5 days of paid study leave per year for examinations, over and above regular Earned Leave entitlement, subject to manager approval.

7. Mandatory Compliance Training

All employees are required to complete mandatory compliance modules on an annual basis, including but not limited to Information Security Awareness, Prevention of Sexual Harassment (POSH), Anti-Bribery and Anti-Corruption, and Code of Conduct refreshers, via the Learning Management System (LMS). Non-completion by the notified deadline may be flagged in the employee's performance record.

8. Training Effectiveness and Feedback

- Participants are required to complete a post-training feedback form within 5 working days of program completion.
- For programs exceeding INR 25,000 in sponsorship value, a knowledge-sharing session with the employee's team is required within 30 days of completion.

- L&D tracks training effectiveness through pre/post assessments and periodic manager feedback on applied learning.

9. Training Calendar

The L&D team publishes an annual training calendar covering scheduled internal programs, external partner courses, and key nomination windows. Employees may also request need-based training outside the calendar through their Reporting Manager.

10. Policy Administration

This policy is administered by the Learning & Development function within Human Resources and is reviewed annually in line with business and budgetary priorities. Queries should be directed to learninganddevelopment@nexoraglobal.com.
